- Site & fallout area inspection prior to the aerial display show to include a clear area of any personal items within 50 feet of any portion of the display.

**Conditions and Acknowledgements**

By my signature below:

I acknowledge that I understand applicable provisions the Virginia Statewide Fire Prevention Code, its referenced standards to include NFPA 1123, and all other applicable Federal, State and local regulations.

I agree to comply with all applicable provisions of the Virginia Statewide Fire Prevention Code, its referenced standards, and all other applicable Federal, State and local regulations.

I understand that any permit issued based upon this application shall be valid only at the location listed on this application and only for the dates(s) and time(s) specified in this application and only for the items listed in this application.

I understand that this permit does not convey approval to store explosives (display fireworks) beyond the temporary on-site storage of the display fireworks approved for this display on the date of the approved display.

I attest the above information is accurate, and complete, and that any willful act to provide inaccurate, incomplete information will make any permit issued off this application invalid.

I understand that I am responsible for approved on-site fire protection during the aerial display.

I understand that failure to comply with the provisions of this permit or the Statewide Fire Prevention Code as adopted by the City of Staunton, may be cause of revocation of the permit and/or being charged with a Class 1 misdemeanor.
